TERMS AND CONDITIONS

All information for the requested rebate as well as signatures from customer and retailer (if required) must be completed. Only complete applications will be processed. The rebated equipment must be new (used/refurbished equipment does not qualify) and installed where electric service is provided by the Utility on a retail basis. The Utility reserves the right to conduct random inspections to verify installation of the rebated equipment at the installation address indicated on the first page of this form. Recycled equipment must be in working condition to be eligible for the recycling rebate. Due to limited funding, this rebate offer can be withdrawn at anytime without notice, and is available on a first-come, first-served basis. After satisfactory review of the rebate form and other required documentation, a customer account credit will be issued. Please allow 60 days from the receipt of this form for the rebate credit. The Utility does not guarantee that the implementation of energy-efficiency measures or use of the equipment purchased and installed pursuant to this program will result in energy or cost savings. The Utility does not endorse any particular vendor, manufacturer, or product, and makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warranty of merchantability or fitness for purpose. In no event shall the Utility be liable for any incidental or consequential damages.
