2024 Residential Efficient Furnace Fan Motor Rebate Application

Qualifying Equipment:

New Furnace Installations

Project Type:

Qualifying new furnaces <u>must replace a working furnace</u> and be equipped with an Electronically Commutated Motor (ECM), Advanced Main Air Circulating Fan (AMACF), or equivalent. Qualifying furnaces are identified on the Air Conditioning, Heating, and Refrigeration Institute's (AHRI) Certificate of Product Ratings (found at www.ahridirectory.org) as being equipped with an Electronically Commutated Motor. A copy of the AHRI Certificate showing that information, or the manufacturer's spec sheet showing that the specific furnace model includes an ECM fan motor, must accompany this application. Please enter the AHRI Certified Reference Number (shown on the AHRI Certificate) in the table below.

Replacements of failed furnaces and the installation of furnaces in new homes do not qualify.

Furnace Fan Motor Replacements

New Electronically Commutated Motors (ECM) <u>must replace a working, furnace fan/blower motor</u>. In addition to submitting the documentation required in the program Terms and Conditions, documentation showing that the new motor is an ECM or equivalent must also accompany this application.

Replacements of failed furnace fan/blower motors do not qualify.
