All applications for systems to be located on a Waseca radial feeder will be	TBD
subject to engineering review prior to rate determination. Additional fees,	
including but not limited to study fees, engineering review, building permits	
and metering costs will be based on actual project costs.	
EQUIPMENT BILLABLE RATES	
Equipment may be made available for rental only upon approval of the City Engineer, Director of Utilities, or their representative and at the rates hereby designated. Rentals are made at the convenience of the City and for a minimum of one hour, and when equipment is not locally available. A City employee must operate all equipment when rented as determined by the City. Employee billable rates will be determined by the Finance Director. Other equipment rates may be based on FEMA rates or MnDOT rates and formulas.
